

Sand bags!

We have the possibility of some very wet months ahead. If you are in need of sand bags, the Plain City Public Works Department has placed the materials (sand, empty sand bags and shovels) outside the gate of the salt shed that is located next to the landfill at approximately **5100 West 2880 North**. Please only fill and take the bags that you need.

For questions or assistance, please call 801-668-0997.
